Many Jews had found a home on the islands throughout the centuries. Notably, the catacombs in Rabat on Malta show that a number of Jews lived on the island during the fourth and the fifth centuries. Furthermore, contemporary records show that under Norman rule in 1091, a total of 500 Jews lived on the main island of Malta and 350 on Gozo.

A collection of English and foreign documents referring to events in the history of Malta...during the years from 1792 to 1815.

Excerpt from A History of Malta During the Period of the French and British Occupations, 1798-1815 This work makes no pretension to be anything more than a collection of English and foreign documents referring to events in the history of Malta which occurred during the years from 1792 to 1815. These documents, if presented in their entirety and without comment, unless when absolutely necessary, will serve to remove misunderstandings, and will allow the student of history to form a correct appreciation of the action of Great Britain with regard to Malta during the memorable years 1798-1815; for they describe in a concrete form, not only the circumstances which led to the attack and capture of the Islands by the French Republic, but also the subsequent naval and military operations of the British and Maltese forces, aided by the Portuguese and Neapolitan allies, which resulted in Great Britain obtaining and securing the possession of Malta and its dependencies. Contemporary official documents, and other sources of information, having of late years become accessible to the public, both in London and Paris, they have materially aided the effort to elucidate certain controversial points, more particularly with reference to the capture of Valetta and the Three Cities from the French garrison. Owing to the want of such official information in the past authors have in many instances wandered from the truth. They have given their opinions or conjectures as history, influenced or biased according to their nationality. Despite its size, the small island nation of Malta has had a dramatic effect on world history. Historian Dennis Castillo, the American-born son of Maltese immigrants, traces the challenges faced by the Maltese people as witness to the Punic Wars, the Crusades, Napoleonic Wars, and World War II.

The extraordinary drama of Malta's WWII victory against impossible odds told through the eyes of the people who were there. In March and April 1942, more explosives were dropped on the tiny Mediterranean island of Malta - smaller than the Isle of Wight - than on the whole of Britain during the first year of the Blitz. Malta had become one of the most strategically important places in the world. From there, the Allies could attack Axis supply lines to North Africa; without it, Rommel would be able to march unchecked into Egypt, Suez and the Middle East. For the Allies this would have been catastrophic. As Churchill said, Malta had to be held 'at all costs'. FORTRESS MALTA follows the story through the eyes of those who were there: young men such as twenty-year-old fighter pilot Raoul Daddo-Langlois, anti-aircraft gunner Ken Griffiths, American Art Roscoe and submariner Tubby Crawford - who served on the most successful Allied submarine of the Second World War; cabaret dancer-turned RAF plotter Christina Ratcliffe, and her lover, the brilliant and irrepressible reconnaissance pilot, Adrian Warburton. Their stories and others provide extraordinary first-hand accounts of heroism, resilience, love, and loss, highlighting one of the most remarkable stories of World War II.
