Download File PDF Writing and Reporting News in the 21st Century

Writing and Reporting News in the 21st Century: The Speed at Which We Travel introduces students to the fast-paced and ever-changing landscape of modern media. The text highlights the importance of embracing technology and social media while abiding by the ethical considerations that aspiring journalists must follow. The first section of the book presents students with guiding principles for practicing accurate and fair journalism, as well as the various codes of ethics used across journalistic mediums, namely print, digital, and broadcast. The second section provides an overview of the basics for writing news for online, print, radio, and TV outlets. It also posits valuable advice that will help new journalists conduct an effective interview, pose meaningful questions, and capture what the source has to say accurately. The final section demonstrates the myriad ways the study of journalism can lead to successful careers in marketing, public relations, full-time reporting, editing, or producing. Writing and Reporting News in the 21st Century is ideal for introductory courses in journalism. It is also a valuable supplemental text for foundational courses in marketing, public relations, and technical writing. Download File PDF Teaching Professional and Technical Communication

Teaching Professional and Technical Communication guides new instructors in teaching professional and technical communication (PTC). The essays in this volume provide theoretical and applied discussions about the teaching of this diverse subject, including relevant pedagogical approaches, how to apply practical aspects of PTC theory, and how to design assignments. This practicum features chapters by prominent PTC scholars and teachers on rhetoric, style, ethics, design, usability, genre, and other central concerns of PTC programs. Each chapter includes a scenario or personal narrative of teaching a particular topic, provides a theoretical basis for interpreting the narrative, illustrates the practical aspects of the approach, describes relevant assignments, and presents a list of questions to prompt pedagogical discussions. Teaching Professional and Technical Communication is not a compendium of best practices but instead offers a practical collection of rich, detailed narratives that show inexperienced PTC instructors how to work most effectively in the classroom. Contributors: Pam Estes Brewer, Eva Brumberger, Dave Clark, Paul Dombrowski, James M. Dubinsky, Peter S. England, David K. Farkas, Brent Henze, Tharon W. Howard, Dan Jones, Karla Saari Kitalong, Traci Nathans-Kelly, Christine G. Nicometo, Kirk St.Amant

A collection of activities including reproducible pages, teacher notes, synopses, discussion questions, and comprehension assessments, designed to help students understand five works by author Gary Paulsen.
