define a blind spot as a leadership  
characteristic where leaders rated  
themselves significantly higher than  
others (1.96 standard deviations  
higher, the value for which  $p = .05$ ),  
but in which they are perceived by  
others to have a weakness. A hidden

### Blind Spot Illuminating The Hidden Value In Business

"Blindspot" is the authors' metaphor for the portion of the mind that houses hidden biases. Writing with simplicity and verve, Banaji and Greenwald question the extent to which our perceptions of social groups--without our awareness or conscious control--shape our likes and dislikes and our judgments about people's character, abilities, and potential.
