A practical guide for bringing magic into your life using plants and herbs, the seasons, and the natural elements A " wild witch " is someone who has discovered the true source of magic. She finds her magic in the elements of the earth, the ways of healing herbs and scented flowers, the ocean ' s tides, the cycle of the moon, and the energies of the planets. By becoming intimate with nature, a wild witch comes to see the living spirits in all things—everything is alive. She learns that these spirits must be honored and then they will act as trustworthy guides. In essence a wild witch is a child of nature, a wise woman, a lore master, and a healer. In this book you will learn how to use: Herbs, plants, and trees The element of fire through candle magic and spell casting The hidden spirit of water through purification, dosing, and scrying The language of flowers and scents The rhythms of nature, the seasons ' cycles, and rituals of sacred days Embrace your wild witch and rediscover the natural magic in your life.

A truly contemporary take on how to be a witch. Rebel Witch is an antidote to the cookie-cutter witchcraft agenda that gives a new perspective on the craft, asking each reader to create a powerful, personalized practice that taps into the current mood of female empowerment and spiritual rebellion. Rebel Witch reminds witches of the wondrous opportunity to jump into experimentation and invent something wild and individual, a practice shaped by their individual personality and life journey, rather than allowing themselves to be spoon-fed. It challenges witches to design a nurturing practice that is truly theirs. There's information about all the elements of the craft, from energy raising, sacred space creation and receiving signs to casting spells, holding rituals, scrying, potions and much more ... crucially, in each case the topic is discussed from an exciting contemporary perspective. So, when Kelly-Ann talks about sacred texts, she stresses that you can choose the texts that resonate with you – so why not Alice in Wonderland or Narnia? Maybe you want to move away from the traditional Wheel of the Year and create your own divisions? Instead of honouring a traditional deity, why not construct your own, choosing elements from rock stars, movie icons or fictional heroes? Or embody magical signs in your clothing and jewellery? Creativity and experimentation are encouraged, with tips to help the reader to be inventive. A curious reader with a desire to create an inspired, deeply personal path and free themselves from conformity will finish the book ready to take action and make magick happen!

Explores the foundations of contemporary natural magic and provides meditations, visualizations, and spells to improve the reader's connection to the natural world, including information about the elements.

Shows how to reconnect with the power of nature to bring magic into one's life.
