But as his fame grows, darkness settles in, blurring the line between reality ... written by Nick Morris, Ruckus Skye, Lane Skye. Produced by Raphael Margules, JD Lifshitz, Jordan Yale Levine, Jordan ...

The Queen Bitch is Back. In the highly anticipated sequel to Darkness Descends, Skye Faden and her men return for a sizzling, epic adventure four millennia in the making. Skye is settling into her new life quite nicely: establishing her pack and home; guarding over a heavy secret; coordinating the worldwide war between werewolves and blood-drinkers; and - of course - still finding the time to enjoy the sweaty, delicious perks of her Trinity. Yes, life is pretty sweet, overall. So, naturally, an ancient enemy resurfaces to complicate matters. Join Skye as she fends off mystical attacks, accidentally traverses time (oops!), unearths truths that call the tale of the Clan's origins into question, and makes a (highly questionable) alliance. Trapped in the past with the fight of her life fast approaching, she must somehow learn to accept all of the newly discovered aspects of herself and ascend, or die trying.

"A page-turner that will leave you breathless and wanting more . . ." Being the Alpha's daughter is no picnic. As one of the few remaining female shifters, my future duty is to become Luna of my own pack. I'm surrounded by overprotective males 24/7 that suck the fun out of life. It doesn't help that I'm fluent in sarcasm as a second language. I don't mean to be willful, but a girl and her wolf need to breathe. Then there is the merging of my wolf and access to our full powers on my 18th birthday. As that change approaches, each day is proving more difficult than ever, as my feelings and moods amplify. Unfortunately for me, Dad's called Assembly, and soon our territory will be swarming with potential Alpha mates. I'd hoped to make it through the final change before I had to deal with mating, but no such luck. Yay me. As if that wasn't enough, a chance encounter with a mysterious and alluring wolf has me questioning everything. Then there's Joe, Dad's enforcer and protege. I can't figure out why these feelings of desire are cropping up anytime I'm near the pain-in-the-ass shifter. But all that pales in comparison when my dad drops a bombshell, a family secret that turns my world upside down. Nothing for me or the shifter race will ever be the same. It might just take the Moon Goddess herself to get me through this. * This is the first book in a slow-burn, new adult reverse harem series. Not recommended for younger audiences due to language and sexual situations. *

The sequel to the bestselling Reverse Harem Novel 'The Luna's Destiny'. Well, I got through the first part of Assembly and accepted the large selection of mates. I even grew up a bit, ready for the next page in my destiny. Finding my potentials was supposed to be the beginning of my story. As it turns out, that story started long ago. With each secret I unravel, there are three more to puzzle out. I'm starting to see where I fit, and it's crazier and more unbelievable than I could've imagined.If that isn't enough, having massive amounts of sexual tension with my potential mates makes for an awkward situation for everyone. The mind can be a dirty place with the right motivation.But one mistake, one moment, one slip of awareness, and my life could forever be forfeit. Some divine intervention will be the only way to keep my destiny out of the wrong hands. *This is the second book in a new adult, reverse harem series. Not recommended for younger audiences due to language and sexual situations. *

Chronicles the relationship between John Williams, Viscount of Marsdale and Gaston the Ghoul, a French exile, set among the buccaneers of Port Royal, Jamaica, in 1667. Brethren of the Coast is a predominantly gay tribe of buccaneers raiding Spanish settlements and ships under the auspices of Jamaica's British governor.

A Tibetan-English Dictionary, With Sanskrit Synonyms by Sarat Das Chandra, first published in 1902, is a rare manuscript, the original residing in one of the great libraries of the world. This book is a reproduction of that original, which has been scanned and cleaned by state-of-the-art publishing tools for better readability and enhanced appreciation. Restoration Editors' mission is to bring long out of print manuscripts back to life. Some smudges, annotations or unclear text may still exist, due to permanent damage to the original work. We believe the literary significance of the text justifies offering this reproduction, allowing a new generation to appreciate it.

This book has been considered by academicians and scholars of great significance and value to literature. This forms a part of the knowledge base for future generations. So that the book is never forgotten we have represented this book in a print format as the same form as it was originally first published. Hence any marks or annotations seen are left intentionally to preserve its true nature.

I've got such an envious heart: it sloshes and aches when you touch her face, and I don't know what to do with it, other than to just let it break. Taken straight from the journals these poetic memoirs came from, One Hundred Breaths Later is a collection of love, loss, guilt, strength, and what it feels like to be vulnerable in a world that is resilient.
