Backpacker brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, Backpacker is the world's first GPS-enabled magazine, and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured.

An internationally renowned wrestler, boxer and gymnast, Imi Lichtenfeld recruited young men who shared his views, but his tactics were no match for armed adversaries. So he focused on creating a form of fighting that combined all the martial arts with a new way of thinking. Tracy Lee Thomas, a master teacher who has been instructing students in the martial arts for more than thirty years, explores how Krav Maga evolved and how to use it to transform your life. He examines its core principles, including: Neutralizing threats: This is the first and foremost objective. Simplicity: The art consists of holds, strikes, and blocks that are simple and efficient. Defense and attack at the same time: By using both techniques in a single move, you can remove the threat as quickly as possible. Constant motion: The objective is to incapacitate the opponent with a continuous series of movements that are aggressively defensive.

An all-new Star Trek technical manual of the legendary Klingon Bird of Prey, presented in the world-renowned Haynes Manual format! The Bird-of-Prey is the classic Klingon starship—a tough raiding and scouting vessel that has served at the heart of the Klingon Defense Force for more than a hundred years. Life on board is harsh and brutal, with any sign of weakness leading to a challenge to the death. The ship itself is stripped back and lean, with everything designed for a single purpose—war. This Haynes Manual traces the origins of a Bird-of-Prey from the moment it is commissioned by one of the Great Houses and constructed at the shipyards of the Klingon Naval Academy. It then proceeds to examine General Martok's famous ship the I.K.S. Rotarran in unprecedented detail. Featuring a stunning cutaway drawing and, for the first time ever, detailed deck plans and incredible new computer-generated artwork, the Haynes Bird-of-Prey Manual is a technical tour of the ship's systems, from the bridge and engineering rooms to the disruptors, torpedo launcher, and the all-important cloaking device. In addition, the Manual provides a unique insight into life on board a Klingon ship and the Rotarran's glorious history in the Dominion War. This Haynes Manual is fully authorized by CBS. All the new artwork has been designed by STAR TREK: THE NEXT GENERATION and STAR TREK: VOYAGER's senior illustrator Rick Sternbach, who is the world's leading expert on STAR TREK technology, with CG renders produced by STAR TREK VFX artist Adam 'Mojo' Lebowitz.

Diagnose and repair a broad selection of popular hunting firearms in the convenience of your home workshop and save money, too. Do-It-Yourself Gun Repair is an authoritative guide to maintaining, repairing, and improving rifles, shotguns, and handguns. Many of the repairs professional gunsmiths make involve replacing broken or worn parts, and you'll learn to identify and correct these common problems quickly, safely, and easily by following the detailed instructions and illustrations of gunsmithing expert Edward A. Matunas. Matunas teaches the home gunsmith a wide variety of repairs with easy-to-understand directions and solid, step-by-step advice based on his many years of professional gunsmithing. Topics include: • Hand and power tool suggestions for home gunsmithing • Replacing firing pins, extractors, and ejectors • Analyzing and correcting accuracy problems • Top-notch information about bedding the barrel and bore • Easy installation of scopes, mounts, sights, and recoil pads • Repair of splits and cracks in stocks • Avoiding common mistakes and time-consuming double work A unique feature of this book is a section covering disassembly, repair, and reassembly of seven of the most

THE SUNDAY TIMES BESTSELLER AND OFFICIAL COMPANION TO THE HIT BBC SERIES BBC's The Repair Shop is a place where Britain's most skilled and caring craftspeople rescue and resurrect items that owners thought were beyond saving. Their shared love of craft has helped hundreds of people recover and relive cherished memories, and inspired millions to rediscover their own prized possessions. The skill required to properly restore those items may be beyond most of us, but there are small things we can all do to care for the items we love the most. How do you replenish the stuffing in your child's beloved, tatty teddy bear, for instance? Or remove a water mark left on your wooden table? What's the best way to prevent your leather from cracking? Direct from the Repair Shop's 'Workshop of Dreams', this 'make do and mend' guide collects advice and stories from each of the show's experts, to help you understand and care for those aging treasures and heirlooms around your house or gathering dust in the garage. Whether it's wood, ceramics, leather or silverware, you will get to know your materials, tools and terms from Britain's best, as the Repair Shop experts share their tips on restoring and conserving, reveal their favourite tools, and provide a series of small, manageable projects that help tackle the most common problems that occur in their given medium. Their book, like the show it accompanies, will help you safeguard your sentimental legacy for generations to come.
