Guided Relaxation Scripts - Green Child Magazine

Guided imagery is a mindfulness meditation technique to help the listener think of something peaceful and relaxing. It is often used at the start of a longer meditation, sometimes to set up yoga nidra. For kids, it is often the whole relaxation period at the end of a yoga session (savasana), or during a short lesson on mindfulness.

Free Mindfulness Meditation Scripts for Kids [Video and Tips]

Subscribe to access the library and you ' ll be able to browse the 30+ topics to see which guided meditation will most benefit your child. Once you choose a guided meditation script for your child, you may want to read it to yourself to find the rhythm prior to reading it aloud to your child. Once you ' re ready and your child is relaxed, simply read it in a calm voice, pausing to let the words and feelings sink in. Links to Sample Guided Meditation Scripts
