The original HP 17bII wins, hands down. Second, and not too far from it, the HP 17bII+ silver. The slanted keys of the latter are more comfortable to put the finger on, but the rounded keys of the original model are not too bad. (In the current line, I still prefer the ARM 12c but not by much) The gold HP 17bII+ is a very distant third.

Enjoy a funny sneak-peek at life inside an Ivy League business school from someone who's been there and lived to tell the tale... Excerpt from The Admissions Interview: I can't remember anything on my resume. Oh my God, I've gone blank-what am I doing here? My pulse is racing, my throat is tight, and I'm sweating. Move out of my way, I have to get out of here! After 20 minutes, my nerves finally begin to calm (which would have been great if the interview hadn't finished in 10). The interviewer concludes with, "How do you want to be remembered by your classmates?" Remembered? Because this program will surely be the death of me? He hands me his card when we finish. "Call me if you have any questions." The interview is over. Over? I am numb as I leave his office, stunned that the moment I have worked a lifetime for is now history. Wait! When he said, "It's over," was he referring to the interview or to my future in business? The Blushing MBA is a funny, candid chronicle of one woman's adventure inside an Ivy League business school. It's an inspirational tribute to college, graduate school, and to anyone who has ever dared to enter the wild world of business.
