There are five pages of parts for this paper Parthenon project. You should cut out the pieces and glue them down to the cereal box cardboard then cut the shapes out again. I use a cotton swab to apply the glue evenly to the cardboard, then I place the cut out paper piece on it and press it down smoothly.

Mulching with a layer of cardboard or paper under grass clippings is a labour saving way to suppress weeds whilst naturally improving soil quality. Mulching is a great way to prevent weeds growing whilst improving the soil. I mulch under fruit trees and bushes and in the decorative shrub border. One or two layers of corrugated cardboard or three layers of paper are laid onto the soil surface.

Paper and Cardboard . Paper and cardboard come in all shapes and sizes, from utility bills to Amazon parcels. However, it's easy for us to fall back on paper and cardboard recycling when there isn't a designated bin around. But did you know that over a third of the household rubbish we throw away in the UK each year is cardboard and paper?

As nouns the difference between paper and cardboard is that paper is a sheet material used for writing on or printing on (or as a non-waterproof container), usually made by draining cellulose fibres from a suspension in water while cardboard is a wood-based material resembling heavy paper, used in the manufacture of boxes and signs. As a adjective paper is made of paper. As a verb paper

I wanted to give one of our trucks the look and texture of corrugated metal (a classic food truck finish!) so I carefully peeled up the paper from the top of the cardboard. If you'd like to do the same, I've found it's easiest to slide a sharpened pencil into the grooves of the cardboard and pull up the paper slowly, tearing away sections at a time.
