This report describes the world economic outlook as of April 2018, projecting that advanced economies will continue to expand above their potential growth rates before decelerating, while growth in emerging markets in developing economies will rise before leveling off. It details global prospects and policies, including risks to the forecast, and essential determinants of long-term economic growth: labor force participation in advanced economies, the declining share of manufacturing jobs globally and in advanced economies, and the process through which innovative activity and technological knowledge spread across national borders.

Revised year after year, now into its 24th Edition, this unique book is widely accepted as the core text for graduate / post-graduate courses in Indian economy, in various universities across India. The book is essentially, a collection of select articles by some of India's topmost economists and experts.

The present edition is brought up to incorporate the useful suggestions from a number of readers and teachers for the benefit of students.A topic on common-collector configuration is added to the chapter XIII.A new chapter on logic gates is intruduced at the end.Keeping in view the present style of university Question papers,a number of very short,short and long thoroughly revised and corrected to remove the errors which crept into earlier editions.

The Crisis First In Latin America And Recently In The Economies Of East And South East Asia Has Generated A Lively Discussion On The Benefits And Pitfalls Of The Process Of Liberalisation And Globalisation. It Has Also Led To Questioning Of The More Or Less Uniform Conditionalities And Structural Reforms Prescribed By The I.M.F. And The World Bank For Providing Financial Assistance. The Present Volume Discusses These And Many Other Issues Relating To The Process Of Liberalisation And Globalisation. It Has Paid Special Attention To The Discussion Of The Respective Roles Of The Market And The State In Any Programme Of Rapid Development Without Creating Social Tensions.The Volume Includes Papers Written By Twenty-Two Economists Spread Over The Entire Country.The Response To The First Two Volumes Of The Book Was So Encouraging That It Has Led To The Publication Of The Present Third Volume.
