Provides information about careers in the sports industry, including educational requirements, salary, and prospects for each profession.

Peterson's Two-Year Colleges 2011 includes information on nearly 2,000 accredited two-year undergraduate institutions in the United States and Canada, as well as some international schools. It also includes scores of detailed two-page descriptions written by admissions personnel. College-bound students and their parents can research two-year colleges and universities for information on campus setting, enrollment, majors, expenses, student-faculty ratio, application deadline, and contact information. SELLING POINTS: Helpful articles on what you need to know about two-year colleges: advice on transferring and returning to school for adult students; how to survive standardized tests; what international students need to know about admission to U.S. colleges; and how to manage paying for college State-by-state summary table allows comparison of institutions by a variety of characteristics, including enrollment, application requirements, types of financial aid available, and numbers of sports and majors offered Informative data profiles for nearly 2,000 institutions, listed alphabetically by state (and followed by other countries) with facts and figures on majors, academic programs, student life, standardized tests, financial aid, and applying and contact information Exclusive two-page in-depth descriptions written by college administrators for Peterson's Indexes offering valuable information on associate degree programs at two-year colleges and four-year colleges-easy to search alphabetically

Contemporary Sport Management, Fifth, provides students with an overview of sport management by presenting extensive discussions of the foundational aspects of the profession and current topics from the field. The fifth edition continues to engage students with a full-color format and an integrated web study guide. The text also discusses the role of social media in revolutionizing the industry and the significance of sport as an international institution. Students will learn the relevance of legal, sociocultural, historical, political, and psychological concepts to the management of sport; the professional skills and attitudes of successful sport managers; and ways in which the globalization of sport continues to affect sport management professions.

A Comprehensive guide to the more than 1,600 junior and community colleges in the U.S. and Canada as well as general information about application, older students, financial aid, and other topics.

The Student-Athlete's College Recruitment Guide explores this behind-the-scenes information, giving students and their families an insightful look at the world of college athletics. This in-depth resource examines the many aspects of the college athletic recruitment process, including what to look for when choosing a program to best fit a student's abilities and needs, both athletically and academically. Expert interviews with top coaches reveal what they believe student athletes need to "make it" in this ultracompetitive realm and how to avoid the common pitfalls that can hinder a student athlete's performance. This new book is a valuable tool for high school students navigating the recruiting process. Chapters include: -Why Play? -Considering a University -Getting Seen -Scholarship Negotiation -Unsafe Practices -Gender Issues -Racial Issues.
