Deals with contemporary cultural and community topics with the help of engaging essays Provokes further thought through questions Includes writing activities based on the essays to help readers write in Spanish as they take a stand on an issue Contains a minimum of two readings in each chapter, each presenting different aspects of a particular debate on topics

This collection of essays explores an unjustly neglected tradition that is now experiencing a remarkable renaissance: French political liberalism.

This book traces the policy history of urban conservation and its relationship to the town planning process and both are set in their political context. Part One deals with the origins of conservation and its cultural background. Part Two deals with the post-war legislation and the increasing scope of conservation. Part Three deals with churches and their separate control system, and Part Four brings the story up to the present time. New issues such as sustainable conservation and the latest government policy are addressed in the conclusion. This book will aid current practice and help to inform future directions.

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

It is always difficult to know how to write up research, and as academics and postgraduates alike come under increasing pressure to improve rates of publication a text like this one is essential reading for all researchers. The book discusses all aspects of translating research into writing, including: * getting started and keeping going * putting into words what you want to say * ways of organizing your work * coping with problems, blockages and sustaining morale *style and format *editing your writing *writing alone and writing in a team *approaching problems and getting published. This book will be of use to students, researchers and writers concerned with getting their research written and having it published.

How can organizations provide the right sales training to the right sales people at the right time? This book is filled with a diverse collection of case studies from top companies and provides a practical road map and the proven tools for organizations that want to implement a winning sales training program. The book offers helpful techniques and tips on how to successfully execute sales training with limited resources and cut budgets. It provides how-to guidelines for successful sales training in a down economy. It is written by 13 experts who have experience selling and have managed sales people. The contributors have combined experience of improving sales performance of over 120 years. The book contributors are Bob Rickert, Jim Graham, Teresa Hiatt, Michael Rockelmann, Maris Edelson, Susan Onaitis, Susanne Conrad, Rick Wills, Ken Phillips, Trish Uhl, Gary Summy, Lanie Jordan, and Renie McClay.

Sometimes you know things you ' re not supposed to know. Things that you can never un-know. Things that will change the course of your life...and the fate of the ones you love. I found her in our living room, bleeding and close to death, but alive. Barely. Until morning stole her last breath. The media called her killer the " Triangle Terror " ... and then forgot about her. But I never forgot—my murdered sister, and an investigation that led to my own resurrection from the dead. Twenty-two years ago, on a cold February night, Landon Worthington lost his father for the last time. After an armed robbery gone wrong, evidence and witness testimony pointed a shaky finger at Dan Worthington—deadbeat dad and alcoholic husband. But before the dust could settle over the conviction, Landon ' s preteen sister, Alexis, is murdered in their home, plunging Landon ' s life into further despair. Two decades and a cold case later, Landon is dogged by guilt over their estranged relationship and decides to confront his incarcerated father-of-the-year about what really happened the night of the robbery. But the years of lies are hard to unravel. And the biggest question of all haunts him: How does everything tie into his sister ' s murder? And so begins Landon ' s journey to piece together the puzzle of secrets, lies, and truths that can free his father, avenge his sister, and perhaps save himself. A companion short story to A Secondhand Life, the perfect mystery for fans of Robert Dugoni's Third Watch and Dean Koontz's The Neighbor.
