direction for a well-respected New Zealand writer” (The Timaru Herald). When a violent car accident leaves Aimee Carmichael with nearly no memories of her childhood, she ventures back to her family home with hopes that it will jog her ruined mind. But instead of the answers she’s seeking, more questions arise as

A heartwarming memoir of a couple who takes in a homeless man and the life-

altering effect the experience has on all three of them. For years, “Fisher King Mike” wandered L.A., preaching to his people. On occasion he’d share an open mic night with Michael Konik, who offered a curious and sympathetic ear, particularly when the Fisher King lamented his separation from his wife

When Konik and his wife gave Fisher King Mike a place in their home, handy as he turned out to be with household projects, they witnessed a

What each never saw coming was their own transformation and the lessons they'd learn about what it means not only to be good people, but simply to be human.

But for a new and healthier infrastructure, for permanent and transformational shifts, we need a plan that includes men. In *Showing Up*, Ray Arata details the proven methods he's

Drew now knows the real mission her creators were trying to accomplish; create a perfect world. In other words, taking

people, eventually all of the people on earth, and turning them into mechanically altered, perfect, human beings. That is what Drew previously found out happened to her. But, although Drew, Jessica and Michael know that they need to somehow stop the creators, Drew also knows that she's made another enemy along the way;

one possibly even more dangerous than the creators. As Drew struggles to detach herself from the people who "created" her and untangle the mess they've made, she discovers that it might not be as easy as she thought, that she is destined to play a larger role in this plan than she ever intended.
