Drawing on fascinating case histories as well as medical techniques from around the world, Dr. Andrew Weil shows how spontaneous healing has worked to resolve life-threatening diseases, severe trauma, and chronic pain.

Spontaneous Healing—How to Discover and Enhance Your Body—

While not opposed to allopathic or conventional medicine, Weil heavily criticizes the establishment for emphasizing "disease and it's treatment, rather than health and it's maintenance" (P. 65). He emphasizes natural healing and a variety of alternative therapies. In Weil's view, the body heals itself, it is a "healing system."

Spontaneous Healing by Andrew Weil

Andrew Thomas Weil is an American celebrity doctor who advocates for alternative medicine. Weil became interested in the ideas and practices of complementary and alternative medicine, and went on to play a seminal role in codifying and establishing the emerging field of integrative medicine, which aims to combine alternative medicine, conventional evidence-based medicine, and other practices into a higher-order "system of systems" to address human healing via action in multiple "dimensions". In

Dr. Andrew Weil says the best way to maintain optimum physical health is to draw on both conventional & alternative medicine. This blog is a place for you to embark on the journey toward achieving and maintaining emotional wellness.

Spontaneous Happiness Blog | Andrew Weil, M.D.

In "Spontaneous Healing" he describes the future of medicine and what people really want a doctor to be. I'm a fan of Dr. Weil but I had yet to see this DVD which contains two programs. In the first program, "8 Weeks to Optimum Health," Dr. Weil gives practical suggestions for how to live a healthier life. His advice encourages preventative care.
