BASIC APPROACH: Comprehensive -- this text explores the "full range" of finite element methods used in engineering practice for actual applications in computer-aided design. It provides not only an introduction to finite element methods and the commonality in the various techniques, but explores state-of-the-art methods as well -- with a focus on what are deemed to become "classical techniques" -- procedures that will be "standard and authoritative" for finite element analysis for years to come. **FEATURES:** presents in sufficient depth and breadth elementary concepts AND advanced techniques in statics, dynamics, solids, fluids, linear and nonlinear analysis. emphasizes both the physical and mathematical characteristics of procedures. presents some important mathematical conditions on finite element procedures. contains an abundance of worked-out examples and various complete program listings. includes many exercises/projects that often require the use of a computer program.

According to the lore, UFO witnesses are sometimes harassed or intimidated by mysterious men dressed entirely in black. Are they government agents, sinister aliens or interdimensional creatures? Jim Keith follows up his previous books with this investigation of various Men in Black stories. Known to Ufologists as M.I.B.s, Keith chronicles the strange goings on surrounding UFO activity and often bizarre cars that they arrive in—literal flying cars! Chapters include: Black Arts; Demons and Witches; Black Lodge; Maury Island; On a Bender; The Silence Group; Overlords and UMMO; More Black Ops; Indrid Cold; M.I.B.s in a Test Tube; Green Yard; The Hoaxers; Gray Areas; You Will Cease UFO Study; Beyond Reality; The Real/Unreal Men in Black; Deciphering a Nightmare; more.

The Interest-A-Lyzer instruments invite students to examine their present and potential interests through a series of open-ended questions structured to highlight general patterns of interest. Each class set of Interest-A-Lyzers contains 30 instruments, 30 student forms, and 1 classroom summary sheet. Grades 4-8

Erich von Däniken, whose books have enthralled millions of readers around the world, now presents astonishing new confirmation for his revolutionary theories. Erich von Däniken's *The Gold of the Gods* unveils new evidence of an intergalactic "battle of the gods" whose losers retreated to, and settled, Earth. He explores a vast, mysterious underworld of Ecuador---caves filled with gold and writings in solid gold that go back to the time of the Great Flood, bolstering von Däniken's theory of a prehistoric earthly "era of the gods."

A child discovers the smell, sound, excitement and magic of reading books. Suggested level: junior.

Transform Your Cooking into a Magickal Act of Healing, Manifesting, and Creating Featuring a wide variety of recipes, correspondences, and techniques, this practical guide elevates the way you cook and prepare meals. Laurel Woodward shares the magick of everyday things, revealing how each task can become a ritual of creation. Organized by food type, this book teaches the magickal ins and outs of: • Wheats and Flours • Beans and Lentils • Nuts and Seeds Oils and Vinegars • Sweets • Spices and Herbs • Vegetables • Fruits Dairy and Eggs • Drinks • Gluten-Free Meals Kitchen Witchery also provides recipes for the seasons and holidays, oil and seasoning blends, and clever ways to turn your pantry items into magickal tools. From homemade hummus to herbal teas and so much more, this book nourishes your practice and shows you the bountiful magick right in your kitchen.

Have you ever thought... My daughter will take care of the dog... I can keep house like my mother-in-law... I'll never do that again... Not only has author Marsha Marks believed the lies many of us hear and tell on a daily basis—she's willing to talk about them! Tickling the funny bone to get to the heart, Marks shares the real truths she's discovered behind everyday lies. Here you'll enjoy heavenly advice woven into hilarious stories as Marks offers a good dose of reality in a way you've never heard it before.

“Reminiscent of Ursula Le Guin’s paradigm-shattering *The Left Hand of Darkness*, this piercingly moving story belongs in most fantasy collections.”—Library Journal There are secrets beneath her skin. Sorykah Minuit is a scholar, an engineer, and the sole woman aboard an ice-drilling submarine in the frozen land of the Sigue. What no one knows is that she is also a Trader: one who can switch genders suddenly, a rare corporeal deviance universally met with fascination and superstition and all too often punished by harassment or death. Sorykah’s infant twins, Leander and Ayeda, have inherited their mother’s Trader genes. When a wealthy, reclusive madman known as the Collector abducts the babies to use in his dreadful experiments, Sorykah and her male alter-ego, Soryk, must cross icy wastes and a primeval forest to get them back. Complicating the dangerous journey is the fact that Sorykah and Soryk do not share memories: Each disorienting transformation is like awakening with a jolt from a deep and dreamless sleep. The world through which the alternating lives of Sorykah and Soryk travel is both familiar and surreal. Environmental degradation and genetic mutation run amok; humans have been distorted into animals and animal bodies cloak a wild humanity. But it is also a world of unexpected beauty and wonder, where kindness and love endure amid the ruins. Alluring, intense, and gorgeously rendered, *Ice Song* is a remarkable debut by a fiercely original new writer. Praise for *Ice Song* “A stunning debut fantasy about love and the ties of blood.”—Armchair Interviews “Kasai’s debut is a boldly adventurous tale depicting a richly detailed world. The aspect of Traders shifting gender brings Ursula K. LeGuin’s *The Left Hand of Darkness* to mind, while the activities on Chen’s island are more reminiscent of Laurell K. Hamilton’s *Meredith Gentry* novels.”—Booklist “*Ice Song* is definitely a compelling read, largely due to the fact that Sorykah is such a well-developed character. She has an equally intense and complex sense of love and resentment for her children. And the fact that she exists between the world of humans and the mutants is also a source of conflict for her character . . . *Ice Song* is a near-perfect combination of fantasy, great storytelling and social commentary.”—Philadelphia Gay News
