to the cap margin, consisting of remnants of the partial veil,

makes this a rather attractive dung fungus ...

Lose yourself in this rollicking adventure-packed romance about a mountain man who marries his brother's headstrong widow and finds himself fighting the biggest battle of his life.

Every day stories from American history that are not true are repeated in museums and classrooms across the country. Some are outright fabrications; others contain a kernel of truth that has been embellished over the years. Collaborating with The Colonial Williamsburg Foundation, Mary Miley Theobald has uncovered the truth behind many widely repeated myth-understandings in our history in *Death by Petticoat* including:

- \* Hat makers really were driven mad. They were poisoned by the mercury used in making hats from furs. Their symptoms included hallucinations, tremors, and twitching, which looked like insanity to people of the 17th and 18th centuries--and the phrase "mad as a hatter" came about.
- \* The idea that portrait painters gave discounts if their subjects posed with one hand inside the vest (so they didn't have to paint fingers and leading to the saying that something "costs an arm and a leg") is strictly myth. It isn't likely that Napoleon, King George

III, or George Washington were concerned about getting a discount from their portrait painters. Pregnant women secluded themselves indoors, uneven stairs were made to trip up burglars, people bathed once a year, women had tiny waists, apprenticeships lasted seven years--Death by Petticoat reveals the truth about these hysterical historical myth-understandings.

We are delighted to publish this classic book as part of our extensive Classic Library collection. Many of the books in our collection have been out of print for decades, and therefore have not been accessible to the general public. The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature, and our view is that this is a significant literary work, which deserves to be brought back into print after many decades in its original form. The contents of the vast majority of titles in the Classic Library have been scanned from the original works. To ensure a high quality product, each title has been meticulously hand curated by our staff. Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work. We hope that you will enjoy this wonderful classic work, and that for you it becomes an enriching experience.

Petticoat Rule by Emma Orczy A story of the French aristocracy, the book concerns Madame de Pompadour's influence over the King and France. We are delighted to publish this classic book as part of our extensive Classic Library collection. Many of the books in our collection have

A story of the French aristocracy, the book concerns Madame de Pompadour's influence over the King and France.

Agatha Christie meets Jane Austen in this atmospheric Regency tale brimming with mystery, intrigue, and romance. When Miss Rebecca Lane returns to her home village after a few years away, her brother begs for a favor: go to nearby Swanford Abbey and deliver his manuscript to an author staying there who could help him get published. Feeling responsible for her brother's desperate state, she reluctantly agrees. The medieval monastery turned grand hotel is rumored to be haunted. Once there, Rebecca begins noticing strange things, including a figure in a hooded black gown gliding silently through the abbey's cloisters. For all its renovations and veneer of luxury, the ancient foundations seem to echo with whispers of the past--including her own. For there she encounters Sir Frederick--magistrate, widower, and former neighbor--who long ago broke her heart. When the famous author is found murdered in the abbey, Sir Frederick begins questioning staff and guests and quickly

discovers that several people held grudges against the man, including Miss Lane and her brother. Haunted by a painful betrayal in his past, Sir Frederick searches for answers but is torn between his growing feelings for Rebecca and his pursuit of the truth. For Miss Lane is clearly hiding something. . . .

In this highly anticipated sequel to the New York Times bestselling *The Gentleman's Guide to Vice and Virtue*, Felicity Montague must use all her womanly wits and wiles to achieve her dreams of becoming a doctor—even if she has to scheme her way across Europe to do it. A must-have for fans of Mackenzi Lee's extraordinary and Stonewall Honor-winning novel. A year after an accidentally whirlwind grand tour with her brother Monty, Felicity Montague has returned to England with two goals in mind—avoid the marriage proposal of a lovestruck suitor from Edinburgh and enroll in medical school. However, her intellect and passion will never be enough in the eyes of the administrators, who see men as the sole guardians of science. But then a window of opportunity opens—a doctor she idolizes is marrying an old friend of hers in Germany. Felicity believes if she could meet this man he could change her future, but she has no money of her own to make the trip. Luckily, a mysterious young woman is willing to pay Felicity's way, so long as she's allowed to travel with Felicity disguised as her maid. In spite of her suspicions, Felicity agrees, but once the girl's true motives are revealed, Felicity becomes part of a perilous quest that leads them from the German countryside to the promenades of Zurich to secrets lurking beneath the Atlantic.
