Differentiating and categorizing information is very helpful for retention. If you need to memorize a lot of material, make a memory tree. Draw 3 branches for main topics, then make smaller branches for subtopics. This organizes the information in a nice visual that is easier for your mind to process and understand.

After years of preparation and anticipation, many students arrive at college without any real knowledge of the ins and outs of college life. They've been focused on finding the right school and have been carefully guided through the nuances of the admissions process, but too often they have little knowledge about how college will be different from high school or what will be expected of them during that crucial first year and beyond. Written by an award-winning teacher, *How to Succeed in College (While Really Trying)* provides much-needed help to students, offering practical tips and specific study strategies that will equip them to excel in their new environment. Drawing on years of experience teaching at a variety of campuses, from large research universities to small liberal arts colleges, Jon B. Gould gives readers the lay of the land and demystifies the college experience. In the course of the book, students will learn how to identify the best instructors, how to choose classes and settle on a major, how to develop effective strategies for reading and note taking, and how to write good papers and successfully complete exams. Because much of the college experience takes place outside of the classroom, Gould also advises students on how to effectively manage their cocurricular activities, work obligations, and free time, as well as how to take advantage of the typically untapped

The future is in your hands—not Harvard's TO: All students wondering “Can I get into my dream college?” CC: All parents wondering “Can we afford it?” FROM: Educational consultant Kristin M. White MEMO: COLLEGE RANKINGS DON'T MATTER. This claim might sound crazy, but it's true: Research shows that where you go to school makes little difference to future financial success or quality of life—personal qualities such as ambition, perseverance, and a sense of purpose are all more important. Kristin M. White has helped hundreds of parents and students look beyond the dream-school hype and focus on what's most important. Now, in *It's the Student, Not the College*, she shows how to avoid unrepayable debt and set yourself up to grow, excel, and enjoy yourself at any school. Instead of obsessing over GPA cutoffs and SAT scores, students will learn how to build a personal “Success Profile”—by adopting the traits that help stellar students make the grade in school and life. Plus . . . Why what you do in school counts more than where you go 14 surefire ways to develop your Success Profile as a student and beyond Criteria to consider when choosing a college How to find a good fit for
