Too Far by Rich Shapero - Too Far Book / App Official Website

Rich Shapero's Too Far follows an ultra-imaginative pair, Robbie and Fristeen, through a transformative summer spent exploring the woods behind their remote Alaskan homes. As their family lives become increasingly unstable, the characters travel deeper and farther into their private world.

Too Far - Kindle edition by Shapero, Rich. Literature ...

Reviewed in the United States on August 8, 2011 Rich Shapero's 'Too Far' is a deeply imaginative and, at times, perplexing foray into the imaginations of two children, Robbie and Fristeen. What these two have in common is a dysfunctional home-life, giving them all the more incentive to escape and find magic far away in the Alaskan wilderness.

Too Far Rich Shapero / *carecard.andymohr*

“Rich Shapero is a spellbinding storyteller.” —Howard Frank Mosher
Too Far: An exhilarating and heart-breaking story of an end to innocence that follows two six-year-olds as they take refuge from their turbulent homes by exploring the mysterious woodland beyond.

Blaze a trail with two wayward kids as they explore a private forest whose supernatural potentials illuminate the triumphs and follies of desperate imagination.

How far would you go to find yourself? Wild Animus tracks the reckless quest of Ransom Altman, a young Berkeley graduate who—roused by his literary heroes and love for his girlfriend, Lindy—resolves to live in a new world of “inexhaustible desire.” Ransom’s deepening identification with the wild mountain ram, whose passion and wisdom he seeks, drives the young lovers north—first to Seattle, then to the remote Alaskan wilderness. Alone on the unforgiving ridges of Mt. Wrangell, his imagination increasingly unhinged, Ransom begins to devise and act out a dangerous animal mythos, which he documents in a first-person manuscript, and in songs or “chants” that detail his transformation and pursuit by a pack of strangely familiar wolves. The feverish hunt leads from the wilds to civilization and back again. And when the lovers return to brave the perilous mountain together, the truth behind Ransom’s imagined transformation emerges. What they discover in those frozen heights threatens their love as well as their sanity and their lives. Is Ransom inspired by a transcendent truth, or prey to a misguided fantasy? As his grip on reality weakens, the reader shares Ransom’s fears, his hopes, and his extraordinary

Acces PDF Too Far Rich Shapero

discoveries. *Wild Animus*, Shapero's debut novel, is a search for the primordial and a journey to the breaking point. It is a story of love and surrender, of monomania—of striving, at all costs, for a bliss beyond fear.

Decamp with an innocent toiler and his mysterious female companion to a metaphoric world in the clouds—a strange, vertiginous perch that reveals startling insights about the twisted dynamics of love and power.

Indulge the obsession of a dying man whose stubborn quest for an ecstatic send-off tests the liberating potentials of belief. Dare to believe in a rapturous transition between life and death that holds the potential to set us free. “Original ideas, strong prose, timelessness and universality . . . *Dissolve* offers a unique imagining of what might happen to the human soul after it's left the body.” —Kirkus Reviews

Take a delirious hyper-metaphorical ride with a love triangle into a fiery cosmos. Shapero's outer space uncannily mirrors inner space, daring us to ditch our expectations and probe the depths of human desire.

Escape with a spurned romance writer and fantasist into an outrageous tropical burlesque, where a cast of metaphorical fruits dares you to surrender to an allegory with deeper resonances. The reward is an unexpectedly sober discovery about the creative act of finding and keeping love.

Escape with a disaffected young sculptor from a desert dystopia to “heaven,” a blue ocean realm ruled by a perverse, tentacled god with a mysterious purpose. Your trust may be outraged, but dive deeper and you'll uncover clues to the creative sea change in our ideals that could redeem a desolate world.

Acces PDF Too Far Rich Shapero

This enhanced eBook combines Rich Shapero's fiction with his original song compositions, featuring vocals by Maria Taylor (of Azure Ray), and visual art by Eugene Von Bruenchenhein. Shapero's *Too Far* follows an imaginative pair of characters through a transformative summer spent exploring the woods behind their remote Alaskan homes. The forest—and the gods who inhabit it—becomes their refuge until they are forced to choose between the crushing prospects of the real world, and their ideal one.

A wry look at how different people see the world, told in the caustically fun style of award-winning science fiction novelist Philip K. Dick.

In *Information Rules*, authors Shapiro and Varian reveal that many classic economic concepts can provide the insight and understanding necessary to succeed in the information age. They argue that if managers seriously want to develop effective strategies for competing in the new economy, they must understand the fundamental economics of information technology. Whether information takes the form of software code or recorded music, is published in a book or magazine, or even posted on a website, managers must know how to evaluate the consequences of pricing, protecting, and planning new versions of information products, services, and systems. The first book to distill the economics of information and networks into practical business strategies, *Information Rules* is a guide to the winning moves that can help business leaders navigate successfully through the tough decisions of the information economy.
