10/20/2016 09:52 pm ET Updated Oct 21, 2017. Most of the discussion on the value of a college degree is based on its economic value. The popular media emphasizes that a college graduate earns hundreds of thousands of dollars more during a lifetime than a high school graduate. And according to the U.S. Department of Labor, college graduates earn an average of 61 percent more than non-college graduates.

~~Why Do Students Value College? | HuffPost~~

One of the OI's core priorities will be to ensure that all students receive "value for money" from their "higher education provider". Value for money is enshrined in the regulatory framework for higher education that the Office for Students will operate. Value for money is also a key student concern. In a survey of Students' Union election candidate manifesto pledges last year, "value for money" was the second most mentioned issue.

~~What do students see as value for money? | Wonkhe~~

The understanding of what "value" means among students is neither uniform nor unchanging. For many, value is understood in economic terms: they want a degree that will confer the skills to get a well-paid job. For others, it is measured academically, in getting to study with world-leading experts on a particular topic.

Value-added measures support teaching, learning and leadership. Value-added feedback is a fair measure of the progress that students have made. Rather than relying solely on exam results, it takes account of where each student started from and the progress they made relative to other, similar students.

Students make a significant investment of effort, time and money when they study at university or college. How they get 'value for money' from this experience can mean different things. These pages point out some of the factors students might like to consider.

~~Value for money as a student - Office for Students~~

Instead of motivating students by external rewards or teacher demands, classrooms that cultivate curiosity and students' love of learning deepen student growth. The desire to learn is a powerful innate drive that should be respected in all learners; tapping learners' intrinsic motivation pushes them to work harder and learn more.

~~What is student agency? - Center for Inspired Teaching~~

In a good student, I value the ability to pause and to take time in responses, and to take time and care in their work. I really value enthusiasm. I think you can teach a student anything who is an enthusiastic learner of the subject that they are at higher education to learn.

~~What do lecturers value in their students?~~

Once the t value and degrees of freedom are determined, a p-value can be found using a table of values from Student's t-distribution. If the calculated p-value is below the threshold chosen for statistical significance (usually the 0.10, the 0.05, or 0.01 level), then the null hypothesis is rejected in favor of the alternative hypothesis.
